

FIELD SET UP PROCEDURE FOR BRITTAIN

PARK

The following is the set up procedure for the pitch @ Brittain Park, Troughton Road, Coopers Plains.

1. Unlock the small key box located between the two doors on the toilet block.
2. Collect key & unlock both the male and female toilets.
3. Using the QCSA key, unlock the small garden shed located behind the storage container.
4. **Once inside the garden shed**
5. Collect the two sets of nets (hopefully in the supplied canvas net bags), 4no. corner flags and two substitute benches and proceed to the field.
6. Place a corner flag at each corner of the field.
7. Place substitute benches on either side of interchange boxes on the Troughton Road side of the field - at least 2M away from side line of field.
8. Place rubbish bin at centre line of field and ensure is at least 2M away from edge of field.

9. Proceed to one of the permanent goal frames at either end of the field.
10. Unfold the net and determine the top of the net – if side wing does not reach the bottom of the frame , this is the bottom lead line so go to other end of net.
11. Place the top intersection of top and side wing lead line over the top frame loop and using the white net clips - attached to the top, side wings and bottom lead lines -push the white clip into the groove on the goal frame and twist through 90* to secure net to goal frame. Top and bottom lead lines should have a min. of 10no. net clips for each bar, bottom side bars at least 5no. and goal frame uprights at least 5 no. Check to ensure that a ball cannot fit through a gap in the net at the front top and bottom corner of each end of the goal frame and in through the side wing at the bottom.
12. Repeat steps 10 – 11 at the goal frame at the opposite end of the field.
13. Return net bags to small storage shed and lock.

IF ALSO DOING THE PACK UP, RETAIN KEY FOR EASE OF ACCESS TO BEGIN TAKEDOWN PROCEDURE.

ENSURE YOU DO NOT INADVERTENTLY LEAVE WITH THE KEY IN YOUR POCKET AS THIS WILL CREATE A GREAT DEAL OF INCONVENIENCE TO OTHER USERS AND THE QCSA CARETAKER.

12. Return storage shed key to small key box between toilet doors on toilet block and lock with “sunnybank lock” provided.

The Club very much appreciates the efforts of parents, players and Club officials in completing these tasks and please remember “that many hands make light work.”
