## PLEASE NOTE

1.Setup and takedown is determined by QCSA draw.

2.Teams should arrange for 2-3 volunteers to arrive approx. 45 mins before the scheduled kick-off time for the first game inorder to complete the set-up correctly and ready for the referee's inspection.

\*\*3.Nets should already be in place from the Friday night game, so set-up will entail placing of cnr.flags, substitute benches and opening the toilets.

A "sunnybank key "will be required to access the keybox ( between the toilet doors) on the toilet block to access the key to open the toilets and the small garden shed where the nets, cnr.flags and benches are stored.

Set-up should be completed approx.15 mins before the kick-off time for the first game

4.At takedown, collect ALL equipment (nets,cnr.flags &substitute benches) and place these in the small garden shed and lock it.

5. Lock both toilet doors.

6. Return key to keybox ( between toilet doors ) and lock with sunnybank lock.

PLEASE ADVISE ME IF THIS CREATES PROBLEMS FOR YOUR  
TEAM.
